NEW YORK, January 9 .- A persistent nd general demand prevailed throughout the list, and on an enormous volume er trading there were many final advances of 1 to 3 points, while standard stocks generally were up fractionally. Influenced in part by Saturday's favorable bank statement, there were more buying than selling orders accumulated by commission houses over Sunday, London, while moving largely with quotations here, was a seller on balance, but it developed later that on the curb a very large demand sprang up for Americans after business hours. It was said that Americans were buoy-

The heavy purchases of Atchison (preferred), which resulted in an extreme gain of 4 points, were said to be largely or very powerful interests and their al-ies. The stock made a high record of 56 5-8 (ex-dividend). There were a number of vague rumors connected with Sugar, ut nothing definite, the stock, however made a gain of 41-2 points. Glucose Sugar efinery was simply strong.

CONSERVATIVE STOCKS MOVE. An advance in Pennsylvania and some other stocks, which move conservatively, increased the confidence of the bulls. Cleveland, Cincinnati, Chicago and St. Louis and Chesapeake and Ohio showed Louis and Chesapeake and Obio showed pronounced strength on the revival of the oft-rumored deal between those properties, while the former was also aided by a favorable traffic statement. Good earnings were likewise responsible for a rise in Northern Pacific (common). The purchases of Southern Railway (preferred) were said to be partly on the theory that the company would gain control of the Seaboard Air-Line.
